## County Officials Assume Duties

### Outgoing Board Holds Last Meeting

Clearing up unpaid accounts and the main order of business at the last meeting of county supervisors Friday. The member claims docket was submitted for approval but a motion reached to defer payment to the new board, due legal ramifications concerning such payments on the day of a term.

Outgoing beat one supervisor Russ III expressed concern over beat claims and rolls left outstanding, stating that he wanted to be "the people who supplied the services will get their money."

Beat two supervisor Alton Kellar, the only member of the board to be re-elected, stated the legality of the action notwithstanding, bills couldn't be paid Friday as there was not enough money in county accounts to pay them.

The board finally agreed that

NEW COUNTY OFFICIALS take oath of office in ceremonies Monday at the county court house. District Judge Dan Russell, Jr. (not shown) officiated at the brief ceremony attended by a capacity crowd.

### New Supervisors Make Appointments

Immediately following swearing in ceremonies at the county court house Monday, the new board of supervisors convened for a first meeting. Although moving rapidly through necessary business the board meeting turned into a marathon, continuing through the afternoon Monday, was recessed, then ran through the better part of Tuesday. The meeting was again recessed until Jan. 9.

In initial business Monday morning, supervisors elected Alton Kellar chairman and James Travica vice-chairman of the board. Bay St. Louis attorney J. Ruble Griffin was appointed board attorney by a motion from Travica, seconded by Oscar Peterson.

In addressing the large gathering of onlookers which filled the conference room, Kellar said, "This is your court house and your board. We're here to serve you and we want everyone to feel welcome here. We want everyone to feel that he can come to us anytime."

Bids for services to the county were opened and examined but tabled for decision in the afternoon session. Appointments to various county boards were made, as well as departmental staff appointments. Staff members in the tax assessor's office and that of the clerk were re-appointed unanimously by the board.

Sheriff Sylvan Ladner submitted for approval a list of personnel and salaries for his department. The following were accepted by supervisors: Lathan Garriga, Fairley Necaise and James Ladner as full time deputies, with Glenn Dorr as relief deputy; W. A. Johnson, Miss Cheryl Blaise and A. J. Cuevas, deputy radio operators. Harry Ladner will serve as janitor and prison supervisor, and J.W. Page,

Despite an objection by beat one supervisor Jerry Ladner the board passed a motion by a three to two vote to appoint Larry Seal as county engineer, replacing Burke and Assoc. Ladner stated that he had no objection to Seal as engineer, but that he was opposed to "a change at this time". Ladner was referring to the beach road repair project, held in abeyance by the state pending installation of the new board. As soon as a supervision contract has been negotiated between the county and the State Bureau of Public Roads, bid advertisements can be published for work to begin on the beach.

Appointments were made by beats to the Port and Harbor Commission. Representing beat one was Berton Courge, of Clermont Harbor, an employee of Tennessee Gas Pipeline Co. Oliver Frierson was re-appointed from beat two. Frierson is a carpenter and north county resident. Superintendent of city schools J. D. McCullough was named from beat three and from beat four, A. G. Harris, manager of the Crump farm in Kiln. Dr. John Levens, Bay St. Louis physician was appointed for beat five.

By unanimous approval of the board, Lucien Kidd was re-appointed as county Civil Defense director, a post he has held for the past eight years. Named to the County Planning Commission were Roy Baxter, James Rester, Amos Kergoslen, Wayne Ducomb and Wilson Webber.

In the afternoon session, the general county and beat dockets submitted by outgoing supervisors were read and unanimously approved for payment by the new board.

### Bay Police To Cooperate In Cleanup

The new year of 1972 will bring with it a new policy to be initiated by the Bay St. Louis Police Department working in cooperation with the Committee Clean-Up and Beautification move the business community into an active role in making the community into a more pleasant place in which to live.

"On-the-spot Premise reports" will be made to those establishments considered to be in violation of the city's anti-litter laws as well as to those who might in various ways improve the appearance of their premises.

Among the items to be looked for are: paper discarded cardboard containers, and other trash or litter in the area; old, unused or worthless building materials on premises; grass growing on sidewalks; empty garbage cans and other containers in view of the general public; junked vehicles; old equipment not stored neatly from public view; and any other condition considered to be in violation of city ordinances.

In commenting on this new approach, Mayor Warren Caryer pointed out that these reports will be made to business establishments with the hope in mind that owners will cooperate fully in the cleanup and beautification of the city.

### Judge Russell Administers Oath To Officials

by Adoree Shortle  
Echo staff writer

Hancock County court house was filled to capacity Monday morning as U. S. District Judge Dan M. Russell, Jr. officiated at swearing in ceremonies for new county officials.

The majority of those assuming office were newcomers to their positions, giving credence to the consensus in July that voters were determined to "clean house in the county."

The ceremony was brief as Judge Russell administered the oath of office to all officials simultaneously. Among those beginning a first term in office

were four of five county supervisors, the sheriff, chancery clerk, superintendent of education, state representative, all peace justices, and all constables.

Alton (Dolph) Kellar, the only incumbent on the board, began a third term as beat one supervisor. Other board members include Jerry Ladner, Oscar Peterson, H. (Bully) Zengarling and James Travica.

Former sheriff Fred Curet was defeated in the first primary by Sylvan J. Ladner, Jr., who had served two previous terms as county sheriff. Ladner has been a

### Scaife Named Temporary Port And Harbor Director

John Scaife, former Mayor of Bay St. Louis, has been named temporary director of the Hancock County Port and Harbor Commission. The action was taken Tuesday by the Hancock County Board of Supervisors upon recommendation by the port and harbor commission following the resignation of Charles H. Hill, commission director for four years.

Scaife, who is presently a field investigator for the Mississippi Public Service Commission will fill the post until the board appoints a new director.

In other port and harbor business, Dr. John Levens was named chairman of the seven-man commission. Other officers are Joe D. McCulloch, vice-chairman; A.G. Harris, Treasurer; and Berton Courge, secretary.

Hill submitted his resignation to commission members Tuesday. His letter of resignation is reprinted in its entirety.

### Former County School Board Member Dies

Louis Ozias Necaise Sr., 59, a lifelong resident of White Cypress community, died at 6 p.m. Saturday, January 1, at Touros Infirmary, New Orleans.

Mr. Necaise, a former member of the Hancock County School Board, was a retired employee of Ingalls Shipbuilding Corporation.

Husband of the late Bertha Smith Necaise, he is survived by his mother, Mrs. Laura Moran Necaise, White Cypress; a son, Louis Ozias Necaise Jr., three daughters, Mrs. Melvin J. Ladner, White Cypress; Mrs. Darryl Ladner, Parkinston; and Mrs. J.B. Prager, New Orleans; a sister, Mrs. Leander Malley, Gulfport; three brothers, Alvin Necaise, Fenton, Miss.; Harvey Necaise, White Cypress; and Wilburn Necaise, Gulfport, and 18 grandchildren.

Funeral services were held at 2 p.m. Monday from his residence followed by religious rites at Infant of Prague Catholic Church, White Cypress.

### Welfare Report Released

The State Department of Public Welfare handled 147,127 cases during the month of December, 1971. Of this number, 3,247 were Medicaid cases. The remaining cases were persons receiving assistance through one of the four public assistance programs. A total of \$3,781,807 in money payments was issued to the needy citizens of Mississippi.

Mrs. F. S. Frankiewicz, director of Hancock County Department of Public Welfare, reports 604 checks were issued to Hancock County; 56 applications requesting assistance

were filed and 14 new public assistance cases were approved for December.

A breakdown showed 30 persons received Medicaid benefits. In the public assistance categories 208 persons received an old age assistance check; 17 received an aid to the blind check; and 92 an aid to the permanently and totally disabled check. In the aid to dependent children category 87 checks were issued for 241 children in the ADC grants.

### County To Participate In Food Stamp Program

By action of the new board of supervisors Tuesday, Hancock County will participate in the food stamp program for indigent residents, replacing the commodities program now in effect.

Mrs. Victor Frankiewicz, director of the county welfare department, submitted facts of the program and estimated costs of operation to supervisors considering the transition. She said she had conferred with Harry Walker, director of the Harrison County food stamp program, who told her that the food stamp program was found to be more economical than commodities.

Mrs. Frankiewicz said that more than 1500 county residents would benefit from the new program, even though each recipient must purchase food stamps at a modest fee, based on income and family size.

Cost to the county for participation would be approximately \$12,411 annually, she said, with the state contributing about \$12,000 and the federal government about \$11,500 more. That figure does not include administrative costs, she added, which the county must assume.

In answer to a hesitancy on the part of some of the supervisors, chancery clerk John Rutherford pointed out that

although the commodities program had averaged \$1,300 a month, greater benefits to recipients derived from the food stamp program more than balanced the additional \$3,000 cost.

Mrs. Frankiewicz explained that the county is required to deposit 25 percent of the anticipated total annual cost prior to the beginning of the operation. She also stated that it may take as much as four months to work out administrative and operational details before the program can be put into effect. The commodities program will continue until that time, she concluded.

A motion to implement the food stamp program was unanimously adopted by the board.

A general accounting of county financial standing was presented to the board by Rutherford, showing general fund and beat balances, as well as claims dockets, as of December 31. The county general fund showed a balance of \$4,235.06, with a docket approved for payment Monday, of \$3,241.05, leaving a deficit of \$2,005.97.

The same dates applying, the beat one balance is \$18.66; with

### County Has First Traffic Fatality

The first traffic fatality on the coast in 1972 resulted from a two-car accident on Highway 90 in front of Scaife's Wheel Inn Restaurant. Dead is Thomas J. (Red) Chapin, a resident of Bay St. Louis for 32 years.

Chapin's car was involved in a collision with an auto driven by Mrs. Elita Payne, 42, of Biloxi.

Police officers said that Chapin's car was totaled in the accident and estimated damage to the Payne car at \$600. (Obituary on Page 4A)

# WELFARE REPORT.....

(Continued from page 1A)

A total of \$28,380 was spent overall for public assistance in Hancock County. Of this amount \$15,431.00 went to persons in the old age assistance category; \$1,021.00 to blind recipients; \$5,416.00 to the permanently and totally disabled; and \$4,512.00 to aid to dependent children families. Director Frankiewicz added there were 88 active child welfare cases and 16 children in licensed foster homes in Hancock County.

# FOOD STAMP.....

(Continued from page 1A)

A \$8,590.42 docket, beat two balance stands at \$47,282.45, with a docket of \$702.93; for beat three the balance is \$49.33 with \$2,975.04 on the docket; the beat four balance is \$10,078.22, with \$1,792.42 docket; beat five stands at a \$8,004.16 balance with a docket of \$759.41. The board was in full accord with Rutherford who reiterated an earlier statement that "no warrants will be written until necessary funds are available in the accounts, and we will continue to operate this way for the next four years".

# POLICE REPORTS

A thousand dollar reward is being offered for information leading to the arrest or conviction of the person or persons involved in the theft of two Yamaha motorcycles and a saddle in the Kiln community Monday. The articles were taken from a residence, according to police. A New Orleans phone number to call with information, is listed on the classified pages of this issue.

Bay St. Louis Operation Upturn offices at 300 Third St. were broken into Tuesday night and desks and file cabinets vandalized.

The incident was discovered when a staff secretary opened the office at 7:40 a.m. Wednesday. Entry had been gained by prying open a front door lock. John McKenna, Upturn administrator, told investigating officers that although most of the desks had been rifled and looked file cabinets opened, only small change from a soft drink machine in the hall was missing. Police chief Robert

Goodsell and Ptn. Alvin Favre are investigating the incident.

Bay Police answered 50 calls of complaint in the week of Dec. 23 through Jan. 4. There were no injuries resulting from three of four automobile accidents in that period.

Ptn. H. Boudreaux investigated a two-car collision occurring on Highway 90 at the Gulf Station New Year's day. Minor damage was incurred by two automobiles colliding in the vicinity of 708 N. Second St. Monday, investigated by Ptn. Favre and Boudreaux. Also on Monday, automobiles driven by Mrs. Elizabeth Becker and Mrs. Alma Barnes collided in a Second St. grocery parking lot. Ptn. E. Ellis reported minor damage to the vehicles.

An electric razor, a radio and .38 calibre pistol were reported stolen from an apartment in the Louisville Garden Apts. Dec. 28. Occupant of the apartment told investigating Ptn. E. Ellis that the articles were apparently taken during the day in her absence.

Ptn. Ladner, Halmes and Dorsey are investigating the theft of \$100 in cash New Year's Eve night, from Dickey's Chicken Hut on Uman Ave. Two dollars in change was taken from a soft drink box at a

service station on Third and Washington Sts. New Year's Eve, according to a report by Ptn. Favre.

On the same evening, two juveniles were apprehended as they were attempting to break into the S & H Grocery Store on Washington St. The youths are being held at the juvenile detention center for interrogation.

A television console was reported stolen from a residence at 1009 Spanish Acres Dr. according to investigating Ptn. Ladner and Dorsey. The theft was discovered Saturday by occupant of the home.

An unknown person or persons unsuccessfully attempted to break into Artigues food store on Central Ave. Saturday. Ptn. Ladner and Dorsey reported a back door had been broken but not opened.

Gibson L. Carter told Bay police that burglars had stolen a 14-ft. power boat and white boat trailer from the yard of his residence at 908 Spanish Acres Dr. The incident was reported on the holiday weekend.

John M. Harris was arrested by Waveland police Saturday and booked in the county jail on charges of assault and battery, disturbing the peace, destroying public property. A north county resident was

arrested by constable Sam Perniciaro Monday night and booked into the county jail on charges of disturbing the peace, displaying a deadly weapon, obscene language and acting in a disorderly manner. According to Perniciaro, Marshall Trice, 30, was allegedly threatening others in his home in the Catahoula community and assaulted a friend who tried to restrain him.

# First Baby Of The Year

Born Saturday

Jamie Mitchell Gallagher, daughter of Mr. and Mrs. David Michael Gallagher was reported as the first baby born in the new year at Hancock General Hospital.

Jamie, who arrived at 12:55 p.m., January 1, weighed seven pounds, 14 1/2 ounces.

Mrs. Gallagher is the former Christine Ann Dorn, daughter of Mr. and Mrs. Donald Dorn of Waveland. Mr. and Mrs. John Gallagher, also of Waveland, are the paternal grandparents.

San Juan, the capital of Puerto Rico, celebrated its 450th anniversary in 1971.

## THE FAMILY LAWYER

### Old Man's Will

Harvey was dismayed to learn, when his father's will was read, that he had been left out altogether. In short order, he challenged the will in court.

"My father was past 90 when he signed this document," Harvey pointed out. "He was slow in his personal habits. He was getting forgetful. And he was totally blind. In such a condition he was certainly not competent to make a will."

However, the court held the will valid. The judge said advanced age, even though accompanied by assorted frailties, does not automatically mean a person is incompetent to make a will.

On the contrary, the law has shown a special tenderness for wills made by the elderly. One judge's explanation has often been quoted:

"It is one of the painful consequences of extreme old age that it ceases to excite interest, and is apt to be left solitary and neglected. The control which the law still gives to a man over the disposal of his property is one of the most efficient means which he has, in protracted life, to command attention."

Of course, old age may indeed be accompanied by real incompetence. In another case, the will of an 86-year-old woman was thrown out because in her declining years she had been unable even to recognize friends and relatives. The court said a will she signed while so disabled did not truly reflect her "will" at all.

But in a close case, the law gives a will the benefit of the doubt. This is not only a matter of concern for the elderly but of preference for wills as the best way to transfer property at time of death.

For if there is no will, all sorts of unpleasant things may befall the heirs. The most money may go to the least deserving. Taxes may be needlessly high. Costs of administration may be exorbitant. Family heirlooms may spark family feuds.

Accordingly, to the person who has grown old without having made a will, the law's advice is plain:

Better late than never.

Do you really want your brother-in-law to know how much you earned last year?

Of course not. It's nobody's business but your own.

However, annually millions of taxpayers bear this kind of personal information to people who really shouldn't know. For what? Just so they can save a few dollars doing their income tax.

That's some price to pay.

You see, for only a few dollars more than it costs to do it with any amateur who might not know that work clothes in some instances are deductible, or that income averaging might save tax dollars, you can have your tax return done by a specially trained member of the H & R Block team with complete confidentiality. There are thousands of them in over 6,000 conveniently located offices. H & R Block's fees start at \$5 and the average cost was under \$12.50 for the 7 million families we served last year.

Furthermore, if your return is audited we will accompany you, at no extra cost, to the Internal Revenue Service and explain how your return was prepared, even though we will not act as your legal representative.

This means that H & R Block is ready to offer you year-round tax service for just one low fee a year, with no extra charge for audits and estimates. Yes, we cost a little bit more than your relatives or friends or neighbors but when you think of what we deliver, you can't afford anything less than H & R Block.

## Our readers write

I'm writing this letter to let the people of Bay St. Louis know we are trying to do something about the debt they owe the city for blacktopping the streets. I want the people to know we are not fighting City Hall. The city fathers are in favor of anything that can be done to ease the financial burden of the people of the City of Bay St. Louis. We know there are a lot of retired people in our city that their budget cannot stand this financial burden.

I am in hope that in the near future we will have some good news for the people of the City of Bay St. Louis.

Open Letter to all Hancock County Taxpayers and newly elected officials. To all let me first wish a Happy, Healthy and comfortably Prosperous New Year. With this new year we acquire a new county administration and hopefully one for the betterment of all citizens, not just a chosen few.

We again have the opportunity to cast off the old ways and put on the new. Let us all ask for and receive only that which is due us as taxpayers. Let us be fair to our neighbors and not demand more than our fair share of the things we are entitled to. Let us consider all the people in the county and work together for a more honest and dependable administration. Let us not be hasty about jumping into new, expensive projects, because they look good on paper. Let us stop and evaluate our natural resources; take first things first, and progress slowly and surely.

To the new Board of Supervisors; let me suggest a closer tie with the voters. Not just the ones who are relatives or have some political influence. Suggestions and ideas can come from anyone and should be considered and heard. Let the people be able to contact and openly discuss their grievances with whoever is their representative on the board. Let us have some conservatism in spending. Remember that the Taxpayers are your bosses and our wishes should be considered first. Do not be influenced by outsiders, who offer big deals or promise big money, as the ancient saying goes, "be wary of Greeks bearing Gifts," look and study a situation over before you leap.

To the people who work for the county, give an honest day's work for an honest day's pay. Take pride in your job, no matter what it is. There are things in this world more valuable than money. One is your freedom, which is more precious than any paycheck. Do not become a puppet for an extra dollar. Enjoy the natural beauty of our area, which doesn't cost a cent.

The above thoughts and comments are mine alone and not anyone else's. So to all, again best wishes and hope for a bright, sane, and moral future.

Sincerely,  
Mrs. Louis (Kit) Di Salv

being considered for the exporting of cattle. If this is true, Bay St. Louis and its people will benefit greatly. In order to operate as an International Airport such as this, it is necessary to have a man at the head that is schooled in such matters. Jack Seuzeneau, Airport Manager of Stennis Field, has been with the airport in our city since its conception. It started as just one landing strip. He worked with various officials and government authorities until the day was given to build the present day airport. This man, a pilot himself, knows about such an operation as this. But, through the shrewd shuffling of strong background politicians, Mr. Seuzeneau's name is being taken from the list of competent managers, and two more have been added. These men are not pilots and their background gives no indication of having the talent to know how to go into such a position and do justice by it. One of the men being considered has no trade or profession. The other is a store operator, and is certainly not capable of going into this highly specialized field.

Exercise your right - Let your voice be heard. Do not let the invisible dictators tell your County Officials what to do and how to do it. We have a fine community filled with people that are warm, generous, and genuinely interested in their fellow man. Let us show the other cities of our size what Bay St. Louis can do to come forward, without the pollution of factories that contaminate our whole community. We have a chance to have a prosperous and thriving Hancock County. Let us push forward together.

Puerto Rico's seat of government is La Fortaleza (The Fortress) in San Juan. It was begun in 1533 to help guard the entrance of San Juan from the raiding British and Dutch fleets. The governors who lived there included most of about 100 governors appointed by Spain, three military governors for the United States, 16 civil governors appointed by various Presidents of the United States and three governors elected by the people of Puerto Rico. Its present occupant is Gov. Luis A. Ferre.

board of supervisors through his control of the county purse strings, as although the board makes the decisions, the clerk alone knows where every penny actually goes.

All financial records of the county are under the jurisdiction of the chancery clerk's office. He knows where and how much money is spent in each beat as well as all sources of income to the county.

DUTIES

By Mississippi law, the chancery clerk is empowered and directed to serve as county auditor required to keep a depository funds ledger showing all receipts and disbursements of county funds. It is his responsibility to examine, audit and settle the accounts of all officers receiving funds payable into the county treasury and to make written report of his findings at each regular session of the grand jury.

The county budget law requires that the chancery clerk

keep a set of books prescribed by the state auditor and open to the public. These books must be posted and balanced on a monthly basis and balance sheets presented to the board of supervisors.

CLAIMS  
All claims against the county must be presented, properly documented, to the clerk who is responsible for the claims docket. All claims must be considered by the board in the order in which they appear.

After the board has allowed, or approved, a claim the clerk issues a warrant on the county's account in favor of the claimant. Warrants must be issued under the clerk's seal, in a book provided by the board. However, the Mississippi state code, sec. 2936 states "no warrant shall be signed, removed from the warrant book nor delivered by the clerk until there is sufficient money in the funds upon which it is drawn to pay the same and all prior

unpaid warrants drawn on that fund...."

MEETINGS  
Also by state law, the board of supervisors may not conduct an official meeting unless attended by the sheriff (or a deputy) and the chancery clerk. The clerk must keep and preserve a complete and correct record of all the proceedings and orders of the board.

STAFF  
On January 3, John D. Rutherford, Jr. assumed the duties of chancery clerk for Hancock County. An accountant by occupation, Rutherford's experience in fiscal matters includes six years as a field auditor for the Internal Revenue Dept., and 27 years of his "own" accounting and tax returns business.

By approval of the board, Rutherford has retained the entire staff now working in the chancery clerk's office. The staff of four consists of Mrs. June White, secretary of the board; Mrs. Lila Taylor, deputy clerk and record keeper; Mrs. Madeline Prendergast, deputy clerk; Mrs. Elsie Kenny, bookkeeper for the county.

The chancery clerk's office is open Monday through Friday, 8 a.m. to 5 p.m., but staff members can often be found working into the night, according to the demands of the complex job.

MRS. SERRENA B. ADAMS  
Mrs. Serrena Bruce Adams, 85, died at 2 p.m. Sunday, December 26, at Hancock General Hospital.

A native of Linden, Ala., she had resided in Bay St. Louis for the past 50 years. She was a member of the First Missionary Baptist Church, Bay St. Louis, where she served as Mother of the Church.

Survivors are two daughters, Miss Lucille Adams and Mrs. Loretta Gorman, Bay St. Louis; eight grandchildren and 23 great-grandchildren.

Funeral services were held at 1 p.m. Thursday from the First Missionary Baptist Church with Rev. Lawrence Collins Sr., pastor, officiating. Interment was in Cedar Rest Cemetery.

MRS. MOORE RITES  
Funeral services for Mrs. Lillian Charlene Moore, 72, who died Sunday, December 26, were held Wednesday morning from Riemann's Fahey Funeral Home Chapel with Rev. Dan Whitton, associate pastor St. Clare's Catholic Church, Waveland, officiating. Interment was in Garden of Memories Cemetery.

Pallbearers were Pat Thompson, Henry Marquar, James Jameson, Charles Kucera, Robert LaRue and Fred Burdell.

RENO NECAISE JR. RITES  
Funeral services for Reno Neccaise Jr., 36, who died Monday, December 27, were

held Wednesday afternoon from Riemann's Fahey Funeral Home followed by a Requiem Mass in Our Lady of the Gulf Catholic Church with Rev. Charles Leising, SVD, as celebrant.

Interment was in Cedar Rest Cemetery with military rites by a firing squad and honor guard of the U. S. Marine Corps, Gulfport.

Pallbearers were Pete Neccaise, Clayton Thompson, Mike Morel, Charles Farve, Ashton Carver and Roy Carver.

MRS. LUCILLE M. COOK  
Mrs. Lucille Melba Cook, 65, a native of Bay St. Louis and a resident of Pass Christian for 20 years, died Sunday night, December 26, at her residence.

Survivors include her husband, Leslie Cook, Pass Christian; two sisters, Mrs. Maggie Blackwell, Mount Claire, N. J., and Mrs. Evia Dutton, Jersey City, N. J.; three brothers, James Reed, Bay St. Louis; Emile Reed, Mount Claire, N. J. and Cyril Reed, Newark, N. J.

Funeral services were held Thursday morning from Valens C. Jones United Methodist Church with Rev. Calvin Jackson, pastor St. Paul United Methodist Church, Pass Christian, officiating. Interment was in Cedar Rest Cemetery.

MRS. ANGELINE S. LADNER  
Mrs. Angeline Seal Ladner, 92, a resident of 213 De Montuz Avenue for the past five years, died at 9:30 a. m., Friday, December 31, at her residence.

A native of Pine Grove Community, Pearl River County, she had resided in Bayou La Croix most of her life. Mrs. Ladner was a member of the Main Street First Baptist Church. Wife of the late Leon T. Ladner, she is survived by three sons, David and Edgar Ladner, both of Bay St. Louis; and Albert Ladner, Baton Rouge, La.; eight daughters, Mrs. Rosa Hoda, Washington, La.; Mrs. Edwina Neccaise, Kilm, Miss.; Mrs. Corinne Fornea and Mrs. Nora Bosarge, both of Biloxi; Mrs. Ida Whitney, Bayou La Croix; Mrs. Cora Cuevas, Miss Maude Ladner and Mrs. Alice Ladner, all of Bay St. Louis. She is also survived by a brother, Leo Seal, Pico, Miss., and a sister, Mrs. Eugenia Evans, Pascagoula; 25 grandchildren, 49 great-grandchildren and two great-great-grandchildren.

Funeral services were held Sunday afternoon from Riemann's Fahey Funeral Home followed by religious rites at First Baptist Church with Rev. Perry D. Neal, pastor, officiating.

In July, 1969, I came to the point where suicide seemed to be the only solution to my problems. I had lived a miserable existence and could see no better future.

Seeking meaning in life, I had been involved in politics, thinking that this involvement would give me a sense of purpose. But I found only despair. I saw men struggling with their brothers for power to serve their selfish desires. I saw irrational people clinging to absurd hopes for a better future - against impossible odds.

Finally, I began taking drugs. Smoking marijuana and selling it to my friends seemed to bring me peace temporarily. Mescaline and LSD left me in a world of unreality where everything seemed fine. But inside, I knew that I was only distorting my problems, not solving them. I was only pretending to face reality.

I decided that there was no reason to live. A world of suffering and tears which ended only in death seemed bleak to me.

## Trumpets In The Morning

By Perry D. Neal, Pastor  
First Baptist Church, Bay St. Louis

Read the following testimony my friends and then PRAY that JESUS will be allowed to make the same thing happen in the lives of people right here in the Bay.

"With drugs I was only distorting my problems, not solving them."

In July, 1969, I came to the point where suicide seemed to be the only solution to my problems. I had lived a miserable existence and could see no better future.

Seeking meaning in life, I had been involved in politics, thinking that this involvement would give me a sense of purpose. But I found only despair. I saw men struggling with their brothers for power to serve their selfish desires. I saw irrational people clinging to absurd hopes for a better future - against impossible odds.

Finally, I began taking drugs. Smoking marijuana and selling it to my friends seemed to bring me peace temporarily. Mescaline and LSD left me in a world of unreality where everything seemed fine. But inside, I knew that I was only distorting my problems, not solving them. I was only pretending to face reality.

I decided that there was no reason to live. A world of suffering and tears which ended only in death seemed bleak to me.

Then, someone explained to me that Jesus Christ was the solution to my problems - that with Him I could face reality. So I prayed to Jesus, asking Him to come into my life and make me a new man. I asked Him to show me that He was real so that I could know that I had the truth. I didn't want to deceive myself again.

Soon, the reality of God's presence was apparent in my life. I became less introspective, less introverted, less selfish and less arrogant. I became aware that there are other people who have problems and who also need help.

Now, I have a new outlook on life. I am at peace with myself and I know my creator. My life has not become a bed of roses, but it now has meaning and

purpose. I'm happy to say that Jesus is the only solution to my problems.

LET THIS BE THE JESUS YEAR - ALL OF IT. STRAIGHT-AHEAD!!!

## Forestry Report

Inspect your shade trees regularly and prune them when needed. By following this procedure, you can improve their appearance, guard their health, and make them stronger.

In your program of scheduled pruning, try to eliminate undesirable branches or shoots while they are young. Drastic, difficult, or expensive pruning may be avoided by early corrective pruning.

Here are some of the things to look for and prune:

- Sprouts growing at or near the base of the tree trunk.

- Branches that grow toward the center of the tree.

- Crossed branches - (If branches cross and rub together, disease and decay fungi can enter the tree through the rubbed spots).

- V-crotches - (If it is possible to do so without ruining the V-crotch, V-crotches split easily; their removal helps to prevent storm damage to the tree).

- Multiple Leaders - (If several leaders develop on a tree that normally has only a single stem and you wish to develop its typical shape, cut out all but one leader. This restores dominance to the remaining stem).

- "Nuisance" growth - (Cut out branches that are likely to interfere with electric or telephone wires. Remove branches that shade street lights or block the view of streets so as to constitute a traffic hazard. Prune out branches that shut off lower limbs that shade the lawn excessively).

Small pruning cuts heal quickly. Large cuts (more than one inch in diameter) should be treated with antiseptic tree dressing to prevent entrance of pests, decay or disease while the wound is healing.

For more information on pruning your shade trees, contact: Michael Hendry, County Forester, Mississippi Forestry Commission, phone 255-7152 or stop by his office located at 405 Necaise Ave. in Bay St. Louis.

MRS. LUCRETIA M. GLOVER  
Mrs. Lucretia Matrange Glover, 68, died at 1:20 a.m. Wednesday, December 29, in New Orleans.

A native of New Orleans, Mrs. Glover resided in Bay St. Louis 68 years prior to returning to New Orleans.

Wife of the late Harry C. Glover Sr., she is survived by five sons, J. Cyril Glover, Bay St. Louis; Harry C. Jr. and Joseph J. Glover, both of Metairie, La.; Anthony J. and David Glover, both of Harahan, La.; 10 grandchildren and two great-grandchildren.

Funeral services were held Thursday with a Requiem Mass at Jacob Schoen and Son Funeral Home. Interment was in Metairie Cemetery.

Puerto Rico, only 35 miles wide, has a great variation in rainfall. In the north coastal sections it is about 60 inches annually, while on the south coast it averages about 40 inches. In between the north and south coasts, high in the tropical rain forest in the Luquillo Mountains, the rainfall averages 180 inches.

New Years Day in Bay St. Louis—One hundred years ago! When the eve of the new year arrived on the Coast, it was cold and there was a light cover of snow on the ground. 1871 had been a hard year: the folks were mostly broke, they had been harassed by frequent petty federal raids, more for loot than for any other reason, food and fodder were in short supply and there was little work for the men who had fought so valiantly for the Southern cause only six or seven years ago; desolation and wanton destruction were everywhere in evidence. The muddy, rutted road along the beach was a via dolorosa of deserted or burned houses with stray and starving cattle and lean dogs standing guard around them. The people had a listless, defeated look; as one man wrote to his folks in the east, "I'm jest plain tarred of Yankees and blacks a-loridin it over us-all."

Life had its little excitements, too. The Governor of the State came to the Bay to speak at a church meeting; he told them they would be in no trouble if they carefully obeyed the Federal rules for those who had taken the amnesty oath; but the Ku Klux Klan local Klondike was active among the negroes who were afraid to obey the whites and scaredotto, so they just huddled in their cabins and did nothing. Ulysses Grant was President, but there were encouraging signs that the rule of the carpetbaggers was ending; open opposition to them was building up in the local elections.

So New Years was quiet and undemonstrative, but underneath you could feel a new spirit growing. Nobody had money for local improvements, but folks cleaned up their yards and made whatever repairs they could to their homes, and patched up the worst places in the roads. Most of the scalawags had been rooted out

and fled to safer northern parts, and local men of character were slowly taking over the management of the community. 1872-1873—what a contrast, not only in material things but in character and outlook! Then the South was shaking off the numbness of defeat and beginning to recover some of its fighting spirit, while the North, beset by all sorts of social and financial troubles, was also beginning to wonder what its sacrifice of men and money had been all about. 1872 in Bay St. Louis was a year of dawning hope and confidence. And may 1872 see a continuance of that confidence and a surge of good feeling and good judgment in the building of our community.

## Animals Die In Pass Pet Shop Fire

A fire caused by a shorted extension cord in an air pump in the Art, Swish, and Tweet pet shop in Pass Christian resulted in the loss of six dogs, a parrot, parakeets, gerbils, and hamsters valued at \$1,000 early Friday.

Pass Christian Fire Chief George Mixon said the blaze caused \$50 damage to the structure located in the Heritage Building at 115 E. Beach. Mixon said the fire started when the extension cord shorted and ignited nearby newspapers and plywood. The fire was confined to the pump and newspapers, but the resulting smoke suffocated the animals in nearby cages. The inside wall of the shop is made of plaster which prevented a major fire being possible.

All but one pet in the building was killed. This dog was taken out by firemen and policemen who made an attempt to save it with oxygen tanks. The animal was later put in the care of an arriving veterinarian.

Shop owner Steve Weiss has begun cleanup operations and reports that new pets are arriving this week.

Chief Mixon said that the last five major fires in Pass Christian have been caused by improper use of extension cords. In cautioning residents against overloading cords, he said that department representatives are volunteering to speak in different organizations or groups on safety precautions in an effort to prevent further such incidents.

### Bully In The Family

Sixteen-year-old Teddy had a nasty habit. He would coax younger children into secluded places, then beat them up. Finally, the father of one of the victims filed a damage suit against Teddy's parents.

But in court, they denied liability. "The mere fact that he is our son," they argued, "does not make us automatically responsible for everything he does. We never encouraged him to beat anyone up."

But if they had never encouraged Teddy, they had never discouraged him either. The court decided they had shirked their duty as parents, and would therefore have to pay the claim. Parents who are overly permissive may find themselves in trouble in the courtroom. If they tolerate a dangerous habit in their child, they can usually be

TIGER, A TEACUP POODLE, is protecting his rights as the only canine resident of Art, Swish, and Tweet against an intruding rabbit as owner Steve Weiss looks on. Smoke from a contained fire in the Pass Christian pet shop early Friday morning suffocated four poodles, a pug, Weiss' prize afghan, and a parrot in addition to several smaller animals. The animals were valued at \$1,000.

held legally liable for the consequences. But it is a matter of degree. While the law says parents must try to curb the child, it does not insist on success. Take this case: Chuckie, age five, liked to toss rocks at his playmates. To deter him, his parents tried everything from scoldings to spankings—all to no avail. But this time, when a damage suit was brought against the parents, the court held them

blameless. Saying they had done their best, the court observed that they could scarcely be expected to keep Chuckie under lock and key. Furthermore, standards of discipline may change with the times. In another case, a boy playing football in the street overran the curb and knocked down a passing pedestrian. In short order, the pedestrian sued the boy's parents, claiming they should not have allowed

him to play in the street. But the court said such tight discipline by parents is just not customary in this day and age. "Strict control of children is today so rare," said the court, "that its absence is no indication of a lack of reasonable care."

AS A TOKEN OF APPRECIATION, plaques were presented by Hancock General Hospital board members to resigning members Kenneth Caron, (left) and John D. Rutherford, Jr., (center). Fr. Charles Johnson, hospital board president, made the presentations at a dinner meeting last week, attended by board members and their wives.

Mrs. Frank Corcoran, outgoing president, conducted the business session.

A demonstration on making crochet belts of metal can tops was given by Mrs. Corcoran, and Mrs. Viva Smith showed a book mark made of small mittens and paper clips.

The next meeting was scheduled for February 7. All members are urged to attend as officers for the coming year will be installed at that time.

### North Bay PTA Holds Meeting

At the December meeting of North Bay Elementary School PTA the general membership voted on a motion requiring at least 10 percent of the membership being present to form a quorum. The group voted on a membership fee of \$1 per person for the school year and made minor revisions in the bylaws.

Mr. and Mrs. Roger Stewart were named co-chairmen of the nominating committee. Mrs. Mike Ladner, Mrs. Woody Alliston, Mrs. W.L. Chevis Jr., Mrs. John Rosetti and Mrs. Donald Robinson were appointed on the arrangement committee.

Mrs. Mike Ladner's second grade home room won the candy and plaque for having the largest number of parents in attendance. The prize was

donated by Mrs. Warren Buchler and Mrs. Paul Williams. The feathered bird cage, donated by Mrs. William LeBlanc for a door prize, was won by Mrs. Robert Bing Jr. The next meeting was scheduled for 7:30 p.m. January 6 in the school cafeteria and all future meetings will be held on the first Thursday of each school month.

Following the business session, Santa presented gifts to each child present and Christmas refreshments, prepared by Mesdames William LeBlanc, Paul Williams, Frank Minchew, Ronald Verdon, Victor H. Williams Sr. and Robert Bing Jr. were served. Parents also viewed some of their children's art work prior to and after the meeting. Special thanks were extended to Miss Mary Lagarde, fourth grade English and spelling teacher at North Bay, for her baby sitting services for the evening.

All parents and teachers are invited to attend the January meeting.

Q. My neighbor, who lost both legs last year, gets monthly social security disability benefits. He can't wear artificial legs, but he would like to learn a trade where he can work sitting down. His friends tell him, though, that he'll lose his social security benefits if he gets a job. Is this correct?  
A. Not exactly. The social security law provides a trial work period without loss of benefits for disabled persons like your neighbor. This is an incentive to help them return to work. If your neighbor does start to work and continues to work, his benefits may be continued for up to 1 year. The State vocational rehabilitation agency may help your neighbor learn a new trade if this is possible with his disability.  
Q. When my father died 4 years ago, a friend told my mother that she could collect monthly social security checks as a widow at 60. But, the other day I heard that widows can get social security when they're 50. Is this right?  
A. Severely disabled widows may collect monthly benefits as early as 50. Others do have to wait until age 60 to qualify for widows benefits.

**Which Of Our 4300 Stores Get The Best Beef?**  
Believe it or not, there are some people who think the quality of our beef varies from store-to-store. It's not true! Every one of our Meat Departments offers the same high-quality beef, the only quality we sell... "SUPER-RIGHT" Quality. Our quality specifications for "SUPER-RIGHT" Beef are so high that some beef graded "Choice" are so high that some beef graded "Choice" just isn't good enough to be labeled "SUPER-RIGHT". This one "high quality" policy for all stores applies to all the meat we sell. It is true, that where customer demand calls for it, you will find thicker steaks, double lamb chops, etc., but they are all cut from the same quality meat that is available in every A&P Meat Department. After all, to satisfy customer demand is just plain good business. One other thing we want you to know. No matter where you live, if you want that thick steak, double lamb chop or any cut you don't see in the case, just ask for it. WE CARE about, and want to satisfy, every customer... and we mean every customer.

Kantcha Ketchum has gone through another year after fifteen years of existence. Yours Truly has spent the past week and a half in New Orleans with relatives. Headquarters were with Mr. and Mrs. Al Baudry in Jefferson. Did a little fishing, played plenty pool, cards, and watched football. Saw enough bowls to cook football gumbo in for quite some time.

The weather was ideal with no rain, being excellent for most sports, only a little too warm. The races ran on schedule, fishing was good and hunting average.

Don't know how fishing was hereabout except we heard that Dr. Emile Bertucci who has a home at Fenton caught some nice green trout and bass up Rotten Bayou past week. Doc is an ardent fisherman and goes whenever he is over.

Was sorry to hear of the death of Mrs. Harry Glover, Sr., the mother of Wop, Joe, David and Cyril the past week. Sympathy is extended to the family through this medium.

Met a number of sports visiting in New Orleans. Among them were:

Bailey Hurley visited John Baudry for New Years. Bailey runs in the Cross Country Track on the V. M. I. (Virginia Military Institute Team.) He also plays soccer, and is from Jackson, Miss. Couldn't believe that the festivities on New

Years' Eve could be so great.

Other visitors from Jackson were Bill Scanlon, from Hinds County, Tom Huch from Auburn, Wayne Kemper, from Miss. State and Bill's brother, Tom who has just returned from the service. Bill Scanlon plays basketball as well as Tom Huch and Wayne Kemper.

Rogers Himep has a camp at Myrtle Grove down on the Miss. River. Rogers goes fishing regularly.

Chick Baudry is from Chalmette, La. and when not working goes fishing.

Was interesting meeting Bill Almen who is active in Boy Scouting. Bill is from Slidell and an adult leader in the Cypress District. Doing a swell job we'll say.

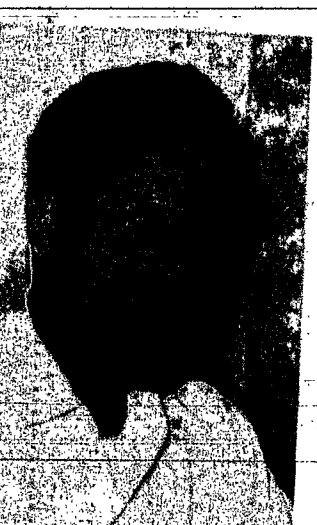

Nino Enterante made a trip to Leeville Sunday. Returned home with some big red fish and speckles.

John Baudry was home from L. S. U. for the holidays. Fishing is his favorite sport, plays pool and enjoys swimming. Next he said he likes girl watching.

10, 8 and 5 lb. class. Had a ball catching them. The men were guests of Luke Elliott, Sr. and Junior of Baton Rouge. The fish were caught at Leeville down near Grand Isle, La.

Fishing on the home front was reported as good. Pete Porter and his son Ed caught some nice speckles while trolling along the railroad bridge. Pete is one of our best fishermen and the same goes for Ed.

Another father and son combination was Sheldon Senzeau, Sr. and son Sheldon, Jr. they reported catching some speckles at Half Moon. The water was on the dirty side but the fish was still hitting. Caught most of them on the shad rig.

**SPORTSMAN OF THE WEEK**  
Morris Daniels does all kinds of fishing from deep sea fishing to using a fly rod. Hasn't fished lately. Too busy camping and teaching his four young sons how to catch 'em. The boys catch their share of fish; too. Morris is a grand son.

Did you know that we still have a month or so to hunt marsh hens, jack snipe, woodcock, ducks and geese, quail, opossums, Wild Turkey, during March and April. The last deer season ends on January 9th.

Raising a home garden comes under sports. Radishes, turnip, mustard greens, collards, onions and shallots can be planted now for a winter garden. It's a lot of fun planting them and they help out in the family budget.

Now that shrimp are so scarce and high artificial baits will catch speckle-trout, bass, red fish and even flounders. Trolling for these fish is now in order. The most popular baits are Merl Lures, Silver Spoons, etc. Shad Rigs are most effective when casting. If you can get small pieces of shrimp, they

make the shad rigs more effective.

Everett Peterson is a past trapper and fisherman. He knows the waters hereabout like a book, especially in the Pearl River area and out in the marshes. Ask Pete to tell you where to go.

D. E. Wilcox said he thinks the only things left in his lake are a few green trout and perch. Hunters have taken care of the ducks and even Poule Deau that were there.

I was raised on a bottle until I became a man. Mother broke the bottle, now I rush the can.

When fishing around rocks and the like use a cork, there is less chance of the hook getting caught.

John Genin returned to Ole Miss. Monday until another holiday rolls around.

Visited Mrs. George Grant over the holidays who is now 84 years of age. She and her late husband were ardent fly fishermen. Still goes occasionally she added. She is my oldest sister.

We can say goodbye to squirrel hunting after January 9th which is the closing date. Haven't been too many anyhow.

The waters in most bays are clearing rapidly. Bass and perch fishing should improve right along. Looks like Pearl River is getting better. This should be good news to those who fly fish and cast for fresh water fish.

Al Kingston must have done some fishing and hunting during the holidays. Was off several days in a row.

Mel Villere who fishes a lot in the Pearl River area, knows where to go and how to catch 'em. Mel does any kind of fishing.

Mr. and Mrs. Ogden

Sister Rose Marie, Sister of St. Joseph, New Roads, La., spent the holidays with her mother Mrs. Elizabeth Becker.

Mr. and Mrs. Andy Becker, their son-in-law and daughter Mr. and Mrs. William Kimbrell and children Billy and Vicki were New Year holiday guests of Mrs. Becker's mother Mrs. Florence Swanner and her brother-in-law and sister Mr. and Mrs. T. C. Shaw in New Orleans.

## Stanislaus Bombs D'Iberville

The St. Stanislaus Rock-chaws bombed the D'Iberville Warriors 84-45 Monday night in a high school basketball game played at Stanislaus.

After a slow start by both teams, the Rocks drew first blood. After D'Iberville tied the score at 2-2, Stanislaus scored again, to take the lead for good. Taking an 8-point lead at the end of the first quarter, the Rocks opened up to a 13-point lead at half. The Rocks again outscored the Warriors in the third quarter to take a 21-point lead. In the fourth quarter, Stanislaus outscored D'Iberville by 18 points.

High scorers for the Rock-A-Chaws were Randy Foreman with 23 points, Gerard Lymuel with 19, and Roland Hymuel with 10.

For D'Iberville, Ken Parker had 20 points and Bob Lawrence had 15 points.

Stanislaus, with a 9-1 record, will see action again Tuesday night against cross-town rival Bay High at Bay High.

Score By Quarters: S. S. C.: 1st, 17; 2nd, 19; 3rd, 22; 4th, 26; Final, 84.

Score By Quarters: D.: 1st, 9; 2nd, 14; 3rd, 14; 4th, 8; Final, 45.

**Soybeans Reap Feed Grain Payments**  
Farmers can plant soybeans on qualifying feed grain base acres—and still receive full USDA diverted acreage payments.  
Farmers now have the profitable option to substitute soybeans for corn, wheat, barley, and sorghum—and still receive full feed grain payments.  
The change in the 1972 USDA Feed Grain Program covers the 1972 soybean crop, according to the National Soybean Crop Improvement Council. "For the first time, farmers can plant soybeans on all qualifying feed grain base acres without losing a cent of USDA payments," says the Council's Robert W. Judd.  
"That opens up new profit opportunities for 1972 soybean production," Judd points out. "It's an option never before available on soybeans."  
The 1972 option could add an additional 88 cents per bushel to soybean cash returns, according to Judd. He reasons this way: A Corn Belt farmer with 100 acres of corn base, and a 100-bushel per acre average corn yield, could qualify for \$2,000 in feed grain payments.  
He would first have to set aside 25 percent—or 25 acres—of his feed grain base. This remaining 75 acres would then be available for soybean production. The formula would be: one-half the feed grain base (50 acres) times the yield index (100 bushels) times the USDA payment (40 cents per bushel). This nets \$2,000 in USDA payments. If the farmer averaged 80 bushels of soybeans per acre, he would produce 2,250 bushels on 75 qualifying base acres. This would net him a USDA payment equivalent to 68 cents per bushel of soybeans produced. An added advantage to 1972 soybean production, says Judd, is strong market demand and accompanying favorable price levels. "There's a need for at least five million more acres of soybeans in 1972," he points out. "It's a ready-made cash market, and an added USDA payment, as well!"

# **\*LIGHT makes a difference**

Look at the GE light bulb display. You'll see some new bulbs you've never seen before. In those blue packages are GE's new "Soft-White Plus" bulbs. Together, and together, testing "Soft-White Plus" bulbs give you the shadow-softening feature of GE's Soft-White bulbs while increasing bulb life to 100%. They're currently available in 60, 75, and 100-watt sizes at local stores.

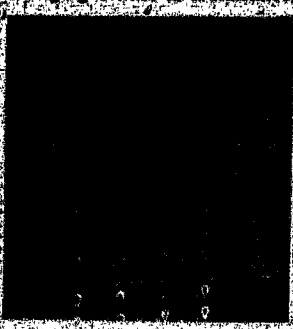

Key to performance of GE's Soft-White Plus bulb is new Power-Coil filament. It's not only stronger than conventional filaments, but also produces light more efficiently.

Next time you're shopping for light bulbs, take a good

than it would be with a 1000-hour filament of conventional design. Light output and life expectancy of GE's incandescent light bulbs are interdependent. If you increase one, you decrease the other. However, by using the more efficient Power-Coil filaments, the life of Soft-White Plus bulbs is increased without sacrificing as much light as would be lost otherwise. In a side-by-side comparison with Soft-White bulbs, it would be difficult to detect the difference in brightness. Individual 4-bulb packages compare life ratings and light output for "Soft-White Plus" and regular Soft-White bulbs.

These new "Soft-White Plus" bulbs can be used in the same way you've used GE Soft-White bulbs in the past: in portable lamps for general lighting or television viewing, in dressing table lamps, in kitchen and bathroom ceiling fixtures as well as in around-the-mirror fixtures in the bathroom. They're especially nice in hard-to-reach fixtures where

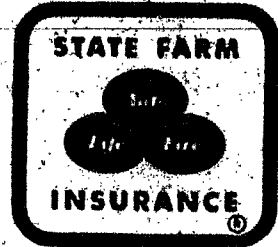

changing a bulb is a nuisance.

Soft-White Plus lamps in 60, 75, and 100-watt sizes are now available at local stores where light bulbs are sold. The 1000-hour bulbs will come in blue packages with bold graphics.

Ponce de Leon, who searched for the Fountain of Youth in Florida, where he was mortally wounded, is buried in the Cathedral of San Juan Bautista in San Juan, Puerto Rico. Ponce de Leon established San Juan in 1521, the same year he sailed for Florida.

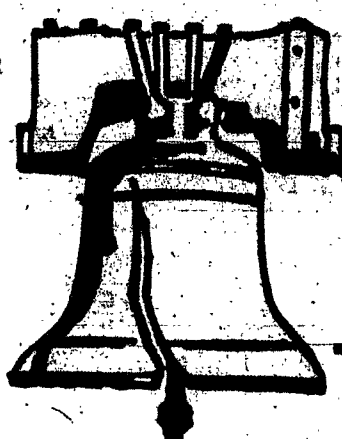

DR. WILLIAM NYHAN examines the dislocated optic lens of a patient with Marfan's syndrome, an inherited disorder. At the University of California at San Diego, Dr. Nyhan directs research supported by the March of Dimes to expand the number of genetic diseases which can be detected before birth. The March of Dimes supports both treatment and research in birth defects which affect some 250,000 American babies each year.
